

# National Livestock Program

## SWINE Multiplier and Technodemo Farm Project

**Engr. Margarita Salvanera-Crizaldo**

*A food secure Philippines with prosperous farmers and fisherfolk*

# Background

Pursuant to Republic Act No. 11469 of the “*Bayanihan We Recover as One Act*” that was signed into law last Sept 11, 2020. This is part of governments’s effort to support and hasten recovery strategy from effects of Covid-19 pandemic.

It was continued through the Integrated National Swine Production Initiatives for Recovery and Expansion (INSPIRE) Program as repopulation effort of the Department of Agriculture.

# Swine Multiplier and Technodemo Farm Project

This project is directed towards:

1. Production and promotion good swine genetics;
2. Utilization of the project for trainings, extension, and learning of farmers, students, and interested individuals;
3. Increasing of local hog inventory and pork supply;
4. Support local raisers by making available, breeders and breeding materials;
5. Support DA and other government agencies' swine-based livelihood programs by producing adequate and quality stocks to supply these program's needs; and
6. Providing additional source of food and income to the beneficiary partner farmers groups.

# Swine Multiplier and Technodemo Farm Project

**DA NLP allotted P180Million budget for implementation of Swine MF**

**18 Proponents**

**30 Sow Level (P10Million)**

**Package Module:**

- ✓ Breeder stocks
- ✓ Farm Supplies
- ✓ Farm Facilities
- ✓ Equipment

# Swine MF Package Module

## 1. Breeder stocks

The MF will raise 38 gilts (30-SL) and boars as breeders. MF will produce quality stocks to build herd size and supply animals for livelihood/post training kits.

## 2. Farm Supplies

The MF will allocate fund for feeds, supplements, drugs and biologics for the start of operations. Subsequent needs will be provided by the proponent for sustainability.

## 3. Farm Facilities

This includes housing, biosecurity area, Waste Mgt and AI center.

## 4. Equipment

This includes equipment such as weighing scale (500kg capacity), pregnancy tester, brooding equipment and AI equipment package.

# Swine MF Project Sustainability

## Proponent's counterpart:

- Provide land area for the project.
- Allocate yearly funds for its continuous operation;
- Assign adequate competent personnel to manage and operate the project (farm manager & animal keepers); and
- Provide farm supplies and facilities that is beyond DA funding;

# Swine MF Project Sustainability

## Repayment scheme:

- The proponent will comply and repay in kind within 2-years starting on the investment year.
- Stocks and semen produced will be provided for free to the identified community, institution or FCA for the first 3 years or until the DA investment cost is fully repaid in value.

# List of Requirements

1. Letter of Intent
2. Endorsement Letter from (LGU/PLGU)
3. Approved Project Proposal
4. Validation Report (ATI RTC and DA RFO)
5. Certificate of No Unliquidated Fund from ATI RTC
6. SB Resolution Authorizing the Mayor to sign MOA
7. Proof of Land Ownership (*Title/Tax Declaration/DOD/Usufruct*)
8. List of Beneficiaries
9. Repayment Schedule

Thank you!
