About ATI-RTC 7

ATI Region 7 in Central Visayas is one of the 17 regional training centers of the ATI Network. It has been operating since November 1989 in Region 7 now on its 31 years.

Servicing the four (4) island provinces of Central Visayas: Bohol, Cebu, Negros Oriental and Siquijor, the harvest will definitely be great.

ATI considers its restructuring process as likewise in keeping with the provisions of EO No. 366 dated October 4, 2004 which instructs government agencies of the executive branch to rationalize and strategically review its operations.

And the two become one. Once separate, the two centers: RTC-7 based at DA-RFU Compound, M. Velez Street, Cebu City and the PTC-Bohol are now one strong and more focused ATI-RTC 7 in Central Visayas. Designated as the seat of regional training center 7, ATI7 now sits at Cabawan District, Tagbilaran City, Bohol. It is 8 kilometers away from the city proper.
